

ARNAB SOM

Full Stack Developer | 3.5+ Years Experience

arnabrks@gmail.com | +91 9123879312 | Howrah, West Bengal, India | [Portfolio](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Full Stack Developer with 3.5+ years delivering scalable web apps, REST APIs, and cross-platform mobile apps for Australian and Indian clients. Built an AI-powered three-portal talent platform (client portal, job portal, admin panel) integrating OpenAI + OCR for smart JD-to-candidate matching. Experienced across Laravel, Vue.js, Flutter, Node.js, MySQL, and Magento. Proven in remote international collaboration, junior developer mentoring, and full product ownership.

TECHNICAL SKILLS

Languages: PHP, JavaScript, Dart, SQL, Python

Frameworks: Laravel, Vue.js, Nuxt.js, Flutter, Node.js, Express.js, CodeIgniter

Frontend: HTML5, CSS3, Bootstrap 5, Tailwind CSS, Vite, jQuery, AJAX

Databases: MySQL, MongoDB

APIs & Integrations: REST, GraphQL, OpenAI API, OCR, Slack Webhook, Calendly, Turnstile

DevOps & Tools: Git, CI/CD, cPanel, SSH, FTP, Microsoft Azure

CMS / E-commerce: Magento, WordPress

Mobile: Flutter, React Native

PROFESSIONAL EXPERIENCE

Full Stack Developer | Outposter South Asia Pvt Ltd

Nov 2024 – Present | Brisbane, AU (Remote)

- Built and led development of the **Outposter Talent Platform** (Client Portal, Job Portal, Admin Panel) from scratch, handling end-to-end architecture and execution.
- Developed an AI-powered JD parsing system using OpenAI API + OCR to extract requirements and generate smart candidate matching.
- Designed REST APIs integrating Kap1 CRM with the platform, covering candidate search, lead tracking, and resume workflows.
- Integrated Slack alerts, Turnstile CAPTCHA, and Calendly for automation and security.
- Leading frontend development with Vue.js, mentoring developers, and supervising project delivery.
- Currently managing multiple projects across web and mobile, including data scraping (Python), backend systems (Laravel), and apps (Flutter, React Native), operating in a role close to **Head of Engineering**.

PHP Developer | Infedis InfoTech LLP

Jan 2024 – Oct 2024 | Kolkata, WB (Remote)

- Served as a PHP Developer in the Technical Department at Infedis Infotech LLP, the company behind Hidoc, a healthcare-focused platform. During my tenure, I was part of the core development team, building and maintaining backend systems using PHP. Consistently delivered work that met quality standards and contributed positively to team objectives.

Web Developer | Rupa & Company Ltd

Dec 2022 – Dec 2023 | Kolkata, WB

- Maintained Magento storefronts for Rupa Corporate (rupa.co.in) and Femmora (femmora.com); built an internal Sales Portal in CodeIgniter; led WordPress → Magento migration.
